

WHITE PAPER  
Version 1.0

# AGC

**Cryptocurrency Advertising Payment**

# AGC

Version 1.0 (ICO Release) Last Update:  
November 15th, 2017

# **1. INTRODUCTION**

## **1.1 About:**

AGC (ADGROUP COIN) is a token make base-performance blockchain of Ethereum. Using ERC20 (Ethereum request for comments) to create smart contract helping trade between crypto-currencies throw the floors. We make special solution for investments have maximum profit from AGC and 1.300 crypto-currency in other market.

Group:

- ADGROUPCOIN is unit development support group
- Direct Group and CEO
- Team of Consulting and Design Development.
- Group develop base
- Group developer: AdGroup team.

## **1.2 Vision**

Cryptocurrency is at the dawn of development with continuous expansions. The operation of 24/7 on a global

scale makes the follow-up, acquirement and earning income from this market becoming a problem.

Artificial intelligence (AI) is the key to solve the problem.

With the enduring operation (24/7) and the ability to learn,

AI is the key to optimize humans' precious time.

AGC is not the future of cryptocurrency, but a platform to

exploit the infinite value of the coins. Join AGC, use AGC AI

and experience the special value of AGC.

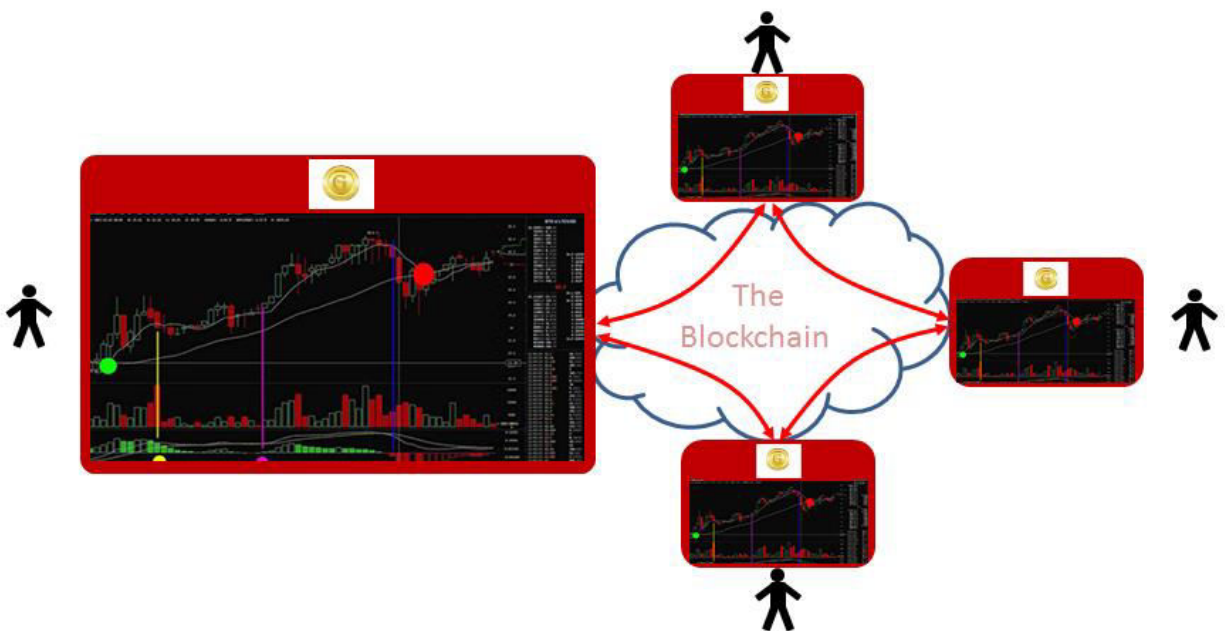

AGC - application that allows to build a direct payment market via AGCPAY using Blockchain

### **3 innovative features AGClobal:**

- Sell and buy with a password. There are no financial boundaries, surcharges and fraudulent reviews.

- Make money from trade transactions on all Yobit, Binance, kucoin, HitBTC, Etherdelta ... with blockchain affiliate marketing transparency.
- Access to commercial and trade markets is reduced to two times the cost of sales and transaction costs between the trade and the floor.

## **1.3 Solution**

AGC is a newly introduced cryptocurrency, a pioneer in exploring the potentials of more than 1,300 cryptocurrencies. AGC continuously enhances its value through the community. We offer special solutions that allow investors to maximize profit from AGC and more than 1.300 other cryptocurrencies in the market.

### **1. For lenders:**

- a. AGC solves the problem of financial transparency in lending.
- b. AGC AI system analyzes and trades on more than 1,300 other coins as well as on AGC.

### **2. For traders:** AGC provides means and pioneering tools for traders on:

- a. Signal solutions for buying/selling of any cryptocurrencies.
- b. Smart trade applications on computers and mobile apps with the robust support from AI.

c. Trade automation solutions on the cloud platform combined with Big Data.

d. Allows withdrawal from exchange to AGCCex exchange. From AGCCex investors can withdraw money easily

**3. For Newbies:** AGC is simple and easy to acquire.

a. AGC provides simple technical solutions that everyone can access via mobile apps.

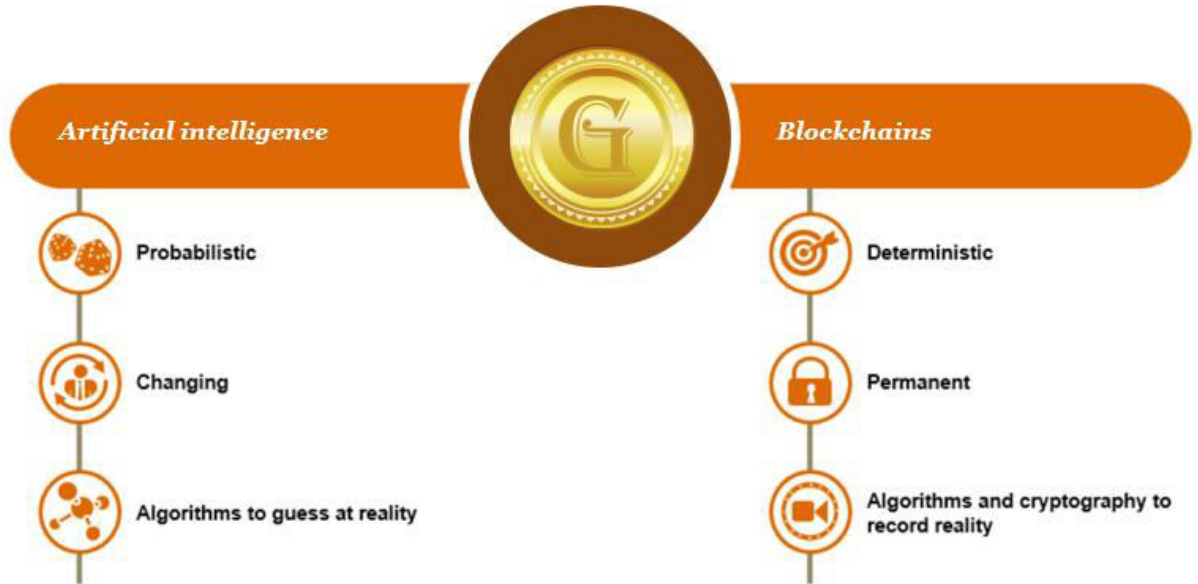

b. AGC can be exploited from websites, providing a powerful tool for webmasters to deploy and exploit their websites effectively.

**4. For AGC AI:** Learning from the community, contributing back to the community

a. AGC AI learns trading behaviors of the community to adjust AGC price accordingly so that the community is constantly expanding and developing.

b. AGC AI learns trading behaviors of the community to increase efficiency and to gain more profit when trading on major external exchanges, such as Bittrex,

# Poloinex, and so on.

# 2. TECHNICAL PARAMETERS

Coin name	<b>AGC</b>
Algorithm	<b>ERC20</b>
Maximum Coin Supply	<b>29,000,000</b>

### **3. ICO**

To build AGC and AGC AI, we need a community and initial funding. Unlike other ICO projects, AGC has started to launch. First of all, we do not want you to provide too many Bitcoins. Let the AGC community grow, let AGC AI have opportunities to learn new knowledge from the community.

In the ICO phase, we only launch AGC AI with the most basic functions. Afterwards, the more advanced functions will be released gradually. We will show you and all members of the AGC community the true power of AGC.

7,500,000 coins of AGC will be on the ICO. All coins not sold during the ICO will be burnt after the end of this period.

About ICO Token AGClobal:

- Code: AGC
- Background: ERC20
- Opening time: From June 01, 2018

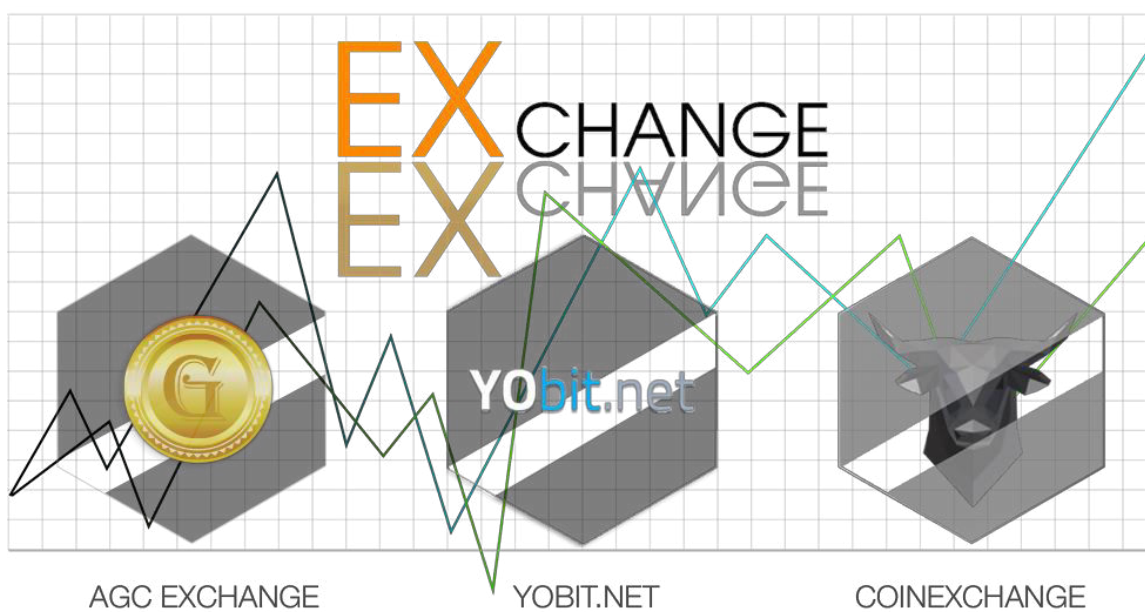

- Tokens: Increases over time
- Accept payment with: ETH, BTC, USDT, ...
